

20TH INTERNATIONAL CONFERENCE ON INFORMATION FUSION
July 10–13, 2017
Xi'an, China

Fusion 2017

CALL FOR TUTORIALS

www.fusion2017.org

The organizing committee of the 20th International conference on Information Fusion is inviting proposals for tutorials to be presented in conjunction with the Fusion 2017 conference in Xi'an, China. The tutorials will be offered on the first day of conference activities, Monday, 10th July 2017, which is prior to the beginning of the technical sessions. The main purpose of the tutorial program is to provide overviews of the state of the art in the particular subfields of Information Fusion. This program can be useful to both the newcomers to the Information Fusion community to learn about the research achievements of the particular areas, as well as to the active Information Fusion researchers who may be interested in widening their areas of research.

We welcome submissions of tutorial proposals on all major topics related to Fusion technologies, including, but not limited to, those covered by the areas listed in the call for papers (Theory and Representation, Algorithms, Solution Paradigms, Data specific Processing and Fusion, Modelling simulation and evaluation and Applications). Examples of other relevant areas include Multimodal information fusion incorporating unstructured and soft data sources, Big Data Analytics, higher levels of fusion, Space situational awareness and Information fusion applied to Cybersecurity.

Submissions:

Proposals, limited to two pages, should be submitted as pdf files to tutorials@fusion2017.org in a form that can be posted on the Fusion 2017 website after acceptance. A proposal should contain:

- The title of the proposed tutorial
- The intended audience
- Prerequisites for the background knowledge of the attendees
- A description of the tutorial, including the learning objectives, a short summary of the material to be presented and a brief topical outline.
- Course material required/supplied such as books, course notes and software
- Biographical sketch of the instructor(s) including previous teaching experience

Please note that we will not offer printing services related to study materials for the tutorial. For further information, contact Yvonne Fischer (Yvonne.fischer@iosb.fraunhofer.de) or Sanjeev Arulampalam (Sanjeev.arulampalam@dsto.defence.gov.au).

Important Deadlines

- Deadline for submissions: 1 Feb 2017
- Selection of proposals by Organizing Committee: 1 March 2017

General CO-Chairs
X. Rong Li
University of New Orleans, USA
Roy Streit
Metron, USA

Technical CO-Chairs
Brian La Cour
University of Texas at Austin, USA
Vesselin Jilkov
University of New Orleans, USA
Mieczyslaw Kokar
Northeastern University, USA

Program Sponsorship Chairs
Chongzhao Han
Xi'an Jiaotong University, China

Program Secretaries:
Zhansheng Duan
Deqiang Han
Xi'an Jiaotong University, China

Awards Co-Chairs
Henk Blom
National Aerospace Laboratory, Netherlands
Chee Chong
Independent Consultant, USA

Finance Co-Chairs
Yan Lin
Xianghui Yuan
Xi'an Jiaotong University, China

Local Arrangements and Exhibitions Co-Chairs
Yongxin Gao
Hongyan Zhu
Xi'an Jiaotong University, China

Poster Session & Student Program Co-Chairs
